ABHISHEK HIREMATH
Computer Science(AIML) Undergraduate

(+91)8147893200 | abhishekhiremath0424@gmail.com |[Linkedin](#) | [Github](#) | [Leetcode](#)

OBJECTIVE

Dedicated and detail-oriented Computer Science student with a strong foundation in programming and web application development. Passionate about problem-solving and building scalable applications. Seeking an internship opportunity to apply technical skills and gain industry experience.

RELEVANT SKILLS

Python   SQL   Java   Data Analysis   Problem Solving   Git Version

Control Team Collaboration   Web Development   Critical Thinking

Machine Learning Basics

EDUCATION

Siddaganga Institute of Technology, Tumakuru, Karnataka

B.E. in Computer Science & Engineering (Artificial Intelligence & Machine Learning)|
GPA: 8.8 |

Relevant Coursework

- Developed a chatbot, **StudentBuddy**, to assist students with academic queries using NLP.

  Built **AlgoVertex**, a web-based platform that allows users to input their LeetCode username and view their coding statistics.
- Worked on problem-solving through the **50Days50Leetcode** challenge, enhancing algorithmic thinking and coding efficiency.

- Worked on problem-solving through the **50Days50Leetcode** challenge, enhancing algorithmic thinking and coding efficiency.

WORK EXPERIENCE

Project Developer, StudentBuddy Chatbot ([link](#))

- Designed and implemented a chatbot using NLP to assist students with academic queries.
- Integrated AI-driven responses to improve user interaction and engagement.

Project Developer, AlgoVertex ([link](#))

- Built a platform that retrieves and displays LeetCode user statistics.
- Developed the frontend using **HTML, CSS, and JavaScript** for an interactive user experience.
- Integrated LeetCode API to fetch user data dynamically.

Project Developer, StudentMessComplaintApp ([link](#))

- Developed a platform for students to submit and track mess complaints efficiently.
- Developed the frontend using Java Swing for an interactive and user-friendly experience.
- Implemented file handling in Java to store and manage student complaints efficiently.
