LinkedIn GitHub LeetCode CodeChef Portfolio

Education

- Siddaganga Institute of Technology** Tumkur, Karnataka
B.E. in Computer Science & Engineering – AI/ML Specialization (CGPA: 8.43/10) Oct 2023 – May 2027
Relevant Coursework: Data Structures & Algorithms, DBMS, Operating Systems, Machine Learning, NLP, System Design, Computer Networks

Technical Skills

- Languages:** Python, Java, C, C++, JavaScript, TypeScript
- Backend & Web:** FastAPI, Flask, React, Next.js, HTML5, CSS3, Tailwind CSS
- Databases & DevOps:** PostgreSQL, Supabase, Git, GitHub, Docker, GitHub Actions, Vercel, Render
- Libraries & Tools:** NumPy, Pandas, Matplotlib, Cytoscape.js, REST APIs, OpenAPI/Swagger
- Domains:** Backend Development (Python), AI/ML Integration, Graph Algorithms, DSA

Projects

Sparsha – AI-Powered Animal Emergency & Adoption Platform  [GitHub](#)

FastAPI · PostgreSQL · React/Next.js · Tailwind CSS · AI Image Processing

- Built a full-stack rescue platform processing animal emergency reports with image-based AI triage and real-time geo-alerts dispatched to the nearest volunteer or vet within seconds
- Designed a *Compassion Coins* gamification system to drive community participation, with tiered NGO SaaS dashboards and CSR brand partnership modules
- Ranked **Top 100 out of 12,000+ teams** nationally – Samsung *Solve for Tomorrow 2025*

QueryWise - Intelligent Document Chat  [GitHub](#)

FastAPI · Python · Pinecone · Gemini/Groq LLMs · React · Tailwind CSS · RAG · Docker

- Architected a modular RAG pipeline with parent-child indexing and multi-model LLM support (Gemini, Groq) that reduces fragmented retrieval; deployed with Pinecone vector store and local reranker to deliver context-rich answers
- Integrated Swagger/OpenAPI docs and containerized all services using Docker Compose for reproducible deployment
- Added database intelligence module enabling natural language querying (Text-to-SQL) with auto-visualization of results as bar, line, or pie charts; implemented secure SQL validation and schema-aware response generation

Experience & Leadership

Chief Editor *Dec 2024 – Present*

SIGMA Newsletter Club, Dept. of CSE, Siddaganga Institute of Technology

- Led publication design for 500+ readers (engagement +30%) and organized *SheInnovates* hackathon for 150+ women participants
- Coordinated 5+ departmental events: seminars, coding contests, annual tech fest *BROWSE*

Marketing Team Member *Nov 2023 – Sep 2025*

TEDx Siddaganga Club

- Grew event attendance by 25% through outreach campaigns and multi-channel social media strategy

Achievements & Certifications

- Top 24 Semifinalist** – HALLUCINATE: Get High on AI (Mesa x Emergent), competing against 200+ teams
- Top 50 Finalist** – The Great Bengaluru Hackathon (4,500+ teams); shortlisted for final pitch round
- Competitive Programming:** 350+ problems solved across LeetCode, CodeChef, and GFG
- Certifications:** IBM – Getting Started with Artificial Intelligence | Infosys Springboard – Python for Data Science

Open Source Contributions

- Contributed to git-city (5.5k+ stars):** Enhanced achievements logic with batch upserts, chunked queries to prevent Supabase URL limits, purchase-based achievements, and fire-and-forget notifications with error handling.
- RealEye – AI Content Detection System (Open Source):** Built an advanced digital forensics tool detecting AI-generated/manipulated images using multi-layer analysis (ELA, FFT, noise patterns) with Gemini-powered interpretation; implemented client-side processing, real-time previews, and a modern glassmorphic React UI with confidence scoring.

Languages: English, Hindi (Fluent), Kannada (Native)
